

## PRIMEPOWER DC-DC CONVERTERS

- Wide range of models
- High efficiency >96%
- Overheating protection
- Polarity protection
- Current limited
- Short-circuit protection
- Safe to use
- Easy to install
- Small and compact
- User friendly
- DIN mount (option)
- Powerful

## DC-DC OMVANDLARE UNISOLATED

**Primepower DC-DC Converter** is designed with the latest switching technology in DC to DC conversion. This brings an efficiency with over 96%. This brings a cool running product with minimal powerloss.

The internal electronics is protected against wrong polarization and short-circuit which prevents damage to the device by misuse.

All models have an ON/OFF function for remote use.

The output power ranges from 5A up to 30A and all models have an input range of 18-36V with an output voltage of 12V.

## PRIMEPOWER DC-DC CONVERTERS
